

Employee Ownership Means We Invest In You

Starting your career at Synergy IT Solutions sets you up for success. We are employee-owned, and that means putting our people first. Our profits are reinvested into shares of company stock, distributed to our employee-owners at no cost.

UNIQUE OPPORTUNITY
Only 1 in 200 companies are employee-owned,
according to Certified EO

1

Ownership Culture

Broad-based ownership creates alignment, strengthens bonds, and energizes our team. Our high-engagement culture creates positivity that you can feel the first time you walk through our doors.

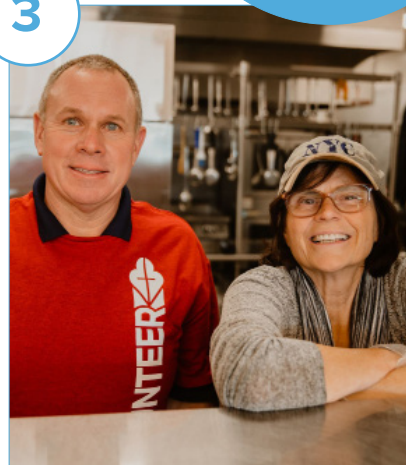

2

A Company That Invests In You

We invest in our employee-owners. Training, education, and internal promotion help us grow leaders who understand our special culture. When times get tough, we prioritize job stability.

3

Long-term Wealth Building

Employee ownership transforms lives through long-term wealth building. Our company funds generous allocations of stock which can grow over time. As our business succeeds, you build wealth.

You're part of something bigger.
